Bank Name:

Bank Addr:

Bank City:

Bank State:

I recently read about the Wal-Mart application to begin banking in their stores; how they lied about continued support to local banking. I believe this is another example of their deceitful, obfuscating tactics. I don't think they live up to their claims and that they will not follow rules and regulations to protect consumers. I therefore request that they be denied the ability to conduct any banking in their stores. Thank you for your consideration.
